

Service Level Agreement - EXHIBIT A

1.- OVERVIEW

Nexogy is committed to providing the highest levels of performance and reliability of its VoIP and Data services. As one measure of our ongoing commitment to excellent customer service, Nexogy provides this Service Level Agreement (“SLA”) covering our VoIP and Data services. If an Eligible Customer experiences performance that does not meet the applicable service level commitment(s) set forth in this SLA, then Nexogy will issue the Eligible Customer a Service credit as set forth below (“Service Credit” or “Credit”).

This SLA describes Nexogy’s target network performance for its VoIP and Data services. This SLA does not apply to internet connectivity provided by third parties, although failure of same to perform will affect the VoIP Service.

2.- SERVICE LEVEL COMMITMENTS

2.1 SERVICE AVAILABILITY

2.1.1 Service Availability Commitment

Nexogy will attempt to maintain Service Availability of Customer’s ability to receive and send voice and data communications of 99.9% of the applicable time for each month, otherwise a Service Credit will be provided to the Eligible Customer pursuant to the terms set forth herein.

2.2 MEAN TIME TO REPAIR

2.2.1 Mean Time to Repair Commitment

Nexogy will attempt to accomplish a Mean Time to repair of 4 hours or less for Trouble Tickets classified as a Priority High, otherwise a Service Credit will be provided to the Eligible Customer. 2.2.2 Mean Time to Repair Credit

The Service Credit shall equal the applicable percentage of the MRC or NRC set forth in the following table:

Mean Time to Repair	Service Credit
0 to 4 Hours	None
4 to 10 Hours	10% of Prorated MRC or NRC Charges

3.- QUALIFICATIONS

In order to receive a Service Credit as outlined in Section 2, the Eligible Customer must first open a Priority High Trouble Ticket, as described in Section 4, to report a Service Outage or a Service Affecting Issue, and then submit a written request for a Credit to Nexogy within 15 business days of opening said Trouble Ticket. The only method by which a customer can check the status of a Trouble Ticket during normal and non-business hours is via phone call to Nexogy's Help Desk.

5.- CREDIT

The issuance of a Service Credit by LD Telecom is based on a prorated monthly billing calculation, depending on the specific Service Credit. For any billing month in which Nexogy fails to meet any one of the Service Level Commitments stated in Section 2, the applicable Service Credit outlined in this SLA will be applied to the prorated MRC or NRC. Any decision made by Nexogy concerning the issuance of Service Credit will be made at Nexogy's sole discretion.

In no event will the cumulative total of the Service Credits for all Service Level Commitments exceed the respective MRC or NRC to which the Service Credit is applied. For the avoidance of doubt, the MRC does not include any usage-based charges for international dialing, 411 or 311 calls, Operated Assistance Dialing, DIDs, porting Charges or other usage-based dialing services provided by the Local Exchange Carrier, and does not include Web Portal or Console Assistant software applications.
